---

Yaoundé, 1st February 2016

## PRESS RELEASE

Within the framework of support to local projects of the Embassy of Japan, the ceremony marking the signature of the Grant Contract between the Embassy of Japan and GIC FADESE (Groupe d'Initiative Commune des Femmes Actives pour le Développement Economique et Social) took place at the Embassy of Japan in Yaoundé, on Friday, 29<sup>th</sup> January 2016 at 11am, in the presence of the Ambassador of Japan, H.E. Kunio OKAMURA, the Delegate of FADESE, Mrs. Biloa Manga Bilogo Adeline and other members of the GIC (Groupe d'Initiative Commune).

The Grant of 94 million FCFA that Japan makes available to FADESE, located in the village Endama I, in the Lékié Division, in the Centre region, will allow the installation of a water natural purification unit for their *Project of establishment of a Water Purification unit at Endama I*, in order to make drinking water accessible and available for all its inhabitants.

The Government of Japan aims through this project to contribute to the commendable efforts that the Cameroonian Government, which aim to reduce the global population not having sustainable access to safe drinking water supplies.
